

Prevention of Sterilised Cats Being Imported to Cocos (Keeling) Islands Policy

Responsible Officer	See local law
---------------------	---------------

Policy Statement

Cats on Home and West Islands have become an increasing problem over the years, with many of the domestic cats, through neglect becoming feral, causing a nuisance.

Objective

To prevent the importation of cats to Cocos Islands and to control the existing cat problem.

Guidelines

Until further review, no approval will be given for the importation of cats. New cat control as passed by Council.
