

FACT SHEET

QUARANTINE AND ISOLATION PROPERTY BOUNDARIES

As of 18th April 2020

People who are visiting family and friends in quarantine or isolation are reminded that strict observance of the property boundary is required – that is - you cannot go inside the property boundary.

For example, please see the below map of the Cocos Beach Motel showing the areas off-limits to all visitors in red. If you would like to drop food or other supplies to people in quarantine, and do not know how to do that while staying outside the property boundary, please contact the AFP or the Shire for assistance.
