

JAMIL IBRAM

I am married with two children and lives at house 36 Home Island.

I am currently employed by the Cocos Island Co-operative at the West Island Supermarket and Home Island Hardware and Toll Security at the Cocos Islands Airport both on casual basis. I am also supportive of living healthy and safe environment.

I believe that a Local Government should be open and accountable in the way it conducts its business and that the people in the community should have every opportunity to participate in their local government.

My strengths in building relationships and engaging stakeholders, combined with my community knowledge, will help bring progress to the Cocos Community.

I am therefore keen to promote steady and careful growth in our community and to promote the principles and aims of our local government initiatives.

My contact details are:

House 36 Home Island, Cocos (Keeling) Island
