## **1. OPENING/ANNOUNCEMENTS OF VISITORS**

## **2. ATTENDANCE/APOLOGIES/LEAVE OF ABSENCE**

## **3. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE**

## **4. PUBLIC QUESTION TIME**

In accordance with section 5.24(1) (a) of the Local Government Act 1995, time is allocated for questions to be raised by members of the public, as follows:

(1) The minimum time to be allocated for the asking of and responding to questions raised by members of the public at ordinary meetings of councils and meetings referred to in regulation 5 is 15 minutes.

(2) Once all the questions raised by members of the public have been asked and responded to at a meeting referred to in sub regulation (1), nothing in these regulations prevents the unused part of the minimum question time period from being used for other matters.

Pursuant to regulation 7(4) (a) of the Local Government (Administration) Regulations 1996, questions from the public must relate to a matter affecting the local government.

In accordance with section 5.25 (1) (f) of the Local Government Act 1995 and the Local Government (Administration) Regulations 1996 regulation 11(e) a summary of each question raised by members of the public at the meeting and a summary of the response to the question will be included in the minutes of the meeting.

Where a question is taken on notice at the meeting, a summary of the response to the question will be included in the agenda for the following Council meeting.

## 5. LEAVE OF ABSENCE

The Local Government Act 1995 (Section 2.25) provides that a Council may, by resolution, grant leave of absence to a member for Ordinary Council Meetings. A member who is absent, without first obtaining leave of the Council, throughout three consecutive Ordinary meetings of the Council is disqualified from continuing his or her membership of the Council. Disqualification from membership of the Council for failure to attend Ordinary Meetings of the Council will be avoided so long as the Council grants leave prior to the member being absent. The leave cannot be granted retrospectively. An apology for non-attendance at a meeting is not an application for leave of absence.

<input type="checkbox"/>	Information	<i>Includes items provides to Council for information purposes only that do not require a decision of Council (i.e. – for noting).</i>

##### Report Purpose

The purpose of this report is to provide a monthly financial report for October 2021, which includes rating, investment, reserve, debtor, and general financial information to Elected Members in accordance with Section 6.4 of the *Local Government Act 1995 (WA) (CKI)*.

## Relevant Documents

Available for viewing at the meeting.

Nil

## Background

The reporting of monthly financial information is a requirement under section 6.4 of the *Local Government Act 1995 (WA) (CKI)*, and Regulation 34 of the *Local Government (Financial Management) Regulations 1996* and provides oversight of the Shire's finances to Council.

## Comment

The period of review is October 2021. The current closing municipal surplus for this period is \$1,571,775 compared to a budget position of \$1,058,199. This is considered a satisfactory result for the Shire as it is maintaining a healthy surplus position.

Income for the October 2021 period year to date is \$3,293,831 which is made up of \$3,233,831 in operating revenues and \$60,000 in non-operating grants, contributions and subsidies received to date. The budget estimated \$3,169,629 would be received for the same period. The variance to budget is \$124,202.

Expenditure for the October 2021 period year to date is \$2,954,324. This is made up of \$2,504,566 in operating expenditure and \$449,759 in capital expenditure. The budget estimated \$3,440,028 would be spent for the same period. The variance to budget is \$485,704.

Details of all significant variances against the current budget are provided in the notes to the Monthly Financial Report contained within Attachment 10.1.1.1.

## Policy and Legislative Implications

Regulation 34 of the *Local Government (Financial Management) Regulations 1996* requires all Local Governments to prepare each month a Statement of Financial Activity reporting on the revenue and expenditure for the month.

Financial Management Regulation 34 also requires this statement to be accompanied by:

- a. An explanation of the composition of the net current assets, less committal assets and restricted assets;
- b. An explanation of material variances; and
- c. Such supporting information that is relevant to the Local Government

#### Report Purpose

To present the request and supporting documentation to Council for consideration to lease Part Lot 45 Home Island LIA Shed 2.

#### Relevant Documents

Available for viewing at the meeting.

## Background

The applications for Part Lot 45 LIA Shed 2 was presented at the Ordinary Council Meeting on Wednesday 27 October 2021. The motion was not passed and the Council requested further information to the following criteria to assist them with their decision:

1. Will your business increase employment?
2. Will your business encourage and generate new revenue into the community?
3. Is the service being offered something that is needed? Is there a demand for this service?
4. Do you have the skills to make this business a success?

## Comment

Three of the Four initial applicants submitted responses to further information. Further information has been received from:

- Sweet A Lawn Section Maintenance
- Mr Des Chongkin
- CKI Golf Cart Solutions

A summary of the responses to the above criteria is contained in Confidential Attachment 10.2.1.1. Full details of each response is contained in Confidential Attachment 10.2.1.2 and the original responses to the call for Expressions of Interest are also provided in Confidential Attachment 10.2.1.3.

## Policy and Legislative Implications

Section 3.58 of the *Local Government Act 1995 (WA) (CKI)*.

## Financial Implications

Progressing the EOI to formal lease arrangements will result in revenue to the Shire. A valuation will be requested to determine the annual lease fee.

## Strategic Implications

Strategic Community Plan: Key Result Area 1– Economic: Outcome 1.1. Encourage economic stability for the Islands.

### Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Reputation	No clear process with selecting applicants  Perceived conflict of Interest by Shire Officers due to applicants employed with Shire.	Minor (6)	Application is assessed based on the criteria  Officers have provided comments for Council consideration, however, have left the resolution open for Council to determine successful applicant.
Service Interruption	Without a lease, a valuable community service could be disrupted.	Moderate (6)	This item is being progressed as quickly as possible, while still observing legislative requirements.
Compliance	The process for leasing does not comply with legislation.	Low (3)	The process outlined in this report is consistent with legislative requirements.

#### Report Purpose

For Council to consider a development application for the construction and use of two short stay chalets upon land leased by The Big Barge Art Centre.

Development cover letter and concept plans

## Background

The Big Barge Art Centre has been operating since 2009. Over this time period, the proponent has completed the construction of an art gallery, studio, caretakers residence and café, in addition to obtaining a further 2000sqm trust land above the initial 2000sqm portion leased.

The proponent is now seeking development approval to construct two short stay chalets upon this further leased land. Each chalet will accommodate up to 4 guests at any one time. A number of concept designs of the 44sqm elevated floor system chalets with a mezzanine level are attached to this item for Council's reference.

The chalets are proposed to face the ocean views to the west and will be positioned on the same 1.5m setback alignment of that of the existing structures on the property. The chalets will be separated by 17m and screened with timber and landscaping to create privacy for guests of each.

The proposed land use is considered to fall under the land use classification of 'tourist facility' under Shire's *Local Planning Scheme No.1* (the Scheme). However, the Scheme does not provide a definition for this land use. Nonetheless, the subject property is zoned 'General Rural' under the Scheme where the proposed land use is listed as 'discretionary'; meaning the development is not permitted unless Council exercises discretion in its decision making.

Currently, Council does not have a delegation register in place for statutory town planning approvals, meaning each application must be presented to Council for determination.

## Comment

The following development standards of the General Rural Zone apply to this application under the Scheme:

- *All buildings developed within the General Rural zone shall harmonise with the natural setting, be cognisant of the climate and incorporate design features which reflect the cultural background of the Islanders.*
- *No use or development of land within the General Rural zone shall cause, in the opinion of the local government, any adverse impact on the groundwater catchment, soil stability and existing vegetation.*

To ensure compliance with these standards a schedule of final colours and materials; and a landscaping plan are recommended as conditions of development approval to ensure the proponent's efforts in cladding the chalets and revegetating the leased property are to the satisfaction of the Shire. It is noted the development site is outside the freshwater lens area.

Council has recently adopted two policies which also require assessment against this development proposal. Firstly, under the guidance of the Draft Essential Services Policy, the development was referred to the Water Corporation and the Indian Ocean Territories Power Service who provided no objection to the proposal as there are no reticulated essential

services to the subject property. Nonetheless, these authorities encourage the proponent to consider energy efficiency in their building layout.

Secondly, under the Coastal Development Policy consideration is given to the small, simple nature of the proposed chalets which will be built on elevated floor systems (stumps). This will allow for the development to accommodate coastal process for a period of time until coastal hazards become unbearable in future years. It is recommended Council enforce conditions covering the following in this regard:

1. place a notification on the land lease documents notify the tenant of the possibility of the coastal hazards over the next 100 years; and
2. require the proponent to remove the development once the hazard reaches a defined event trigger i.e. the development becoming dangerous, or unfit for human habitation.

Approval as a tourist facility will also limit the use of the chalets to short stay accommodation only, meaning any guest can stay up to maximum of 3 months in any successive 12-month period. This is reinforced as a recommended condition of approval. Furthermore, as no property management plan was submitted with the application, an additional recommended condition of approval calls for such to be approved by the Shire prior to commencement of the accommodation use.

#### Report Purpose

For Council to consider an application for development approval for the construction of an outbuilding (garage) adjacent the existing dwelling on the subject property.

#### Relevant Documents

Available for viewing at the meeting  
 Development plans

**Background**

There is an existing dwelling on the subject property which is zoned 'Residential' with a density coding of R15 under the *Shire of Cocos (Keeling) Islands Local Planning Scheme No.1*.

The WA Residential Design Codes (R-Codes) exempts an outbuilding which is on or under 60sqm in area; 2.4m in wall height; and 4.2m in ridge height. As the proposed garage will be 84sqm in area; with a wall height of 2.8; and ridge height of 4.7m, a development application is required.

Currently Council does not have a delegation register in place for statutory town planning approvals, meaning each development application must be presented to Council for determination.

**Comment**

Where a proposal does not meet the deemed-to-comply provisions of the R-Codes the decision maker is to consider a development application against the applicable design principle(s), which in this instance is:

*Outbuildings that do not detract from the streetscape or the visual amenity of residents or neighbouring properties.*

It is not considered the proposal will detract from the established streetscape for the following reasons:

- The outbuilding will be clad in fibre cement walling and Colorbond roofing to match the appearance of the existing dwelling.
- The proposal meets all applicable boundary setbacks of the R-Codes.
- The height of the outbuilding is lower than that of the dwelling which has been built with an elevated floor system, this ensures the dwelling remains the dominant building on the residential property.

Given the above it is recommended Council approve the development application subject to conditions.

#### Report Purpose

For Council to consider an application for development approval from the Commonwealth of Australia (Department of Infrastructure, Transport, Regional Development and Communications) (the Commonwealth) for the construction of a desalination plant (DP) adjacent their existing wastewater treatment plant (WWTP) on West Island.

 Proposal report and concept plans.

## Background

The Water Corporation, as agents of the Commonwealth, provides essential water, wastewater and power services to the Cocos (Keeling) Islands community.

Recently Water Corporation has been engaged by the Department of Defence and Department of Infrastructure, Transport, Regional Development and Communications to install a new DP adjacent the existing WWTP on Part Lot Sydney Highway, West Island.

The detailed design of the DP is currently still being undertaken on the proviso that the new plant will produce the same capacity of that of the Home Island DP of 200kL/day and utilise similar equipment for consistency of spare parts and operator familiarity.

The main components of the proposed DP are as follow:

- five sea water beach bores;
- seawater main to seawater treatment plant;
- seawater desalination plant containing transportable, containerised buildings;
- pump station and delivery main, carrying potable water to existing townsite tanks;
- brine disposal pump station and connection to existing WWTP outfall;
- chlorination and fluoridation plants; and
- raw, brine and potable water tanks.

The proponent states the DP needs to be constructed on a tight timeline to meet the operating date of June 2023 required by the Department of Defence. As such exploration and production drilling is desired to be undertaken in February 2022, following initial site vegetation clearing in December/January. Council is requested to determine this development application prior to the lodgement of detailed design plans to enable the construction timeline to be met accordingly.

Under the *Shire of Cocos (Keeling) Islands Local Planning Scheme No.1* (the Scheme) the subject land is zoned 'Rural' where the proposed development of a 'public utility' is a discretionary use, meaning it is not permitted unless Council shows discretion in its decision making.

Currently Council does not have a delegation register in place for statutory town planning approvals, meaning each application must be presented to Council for determination.

## Comment

The development will provide greater access to an essential service in potable water for West Island, above that than what is obtained by the freshwater lens productions bores currently utilised. Given this, it is recommended Council grant approval subject to conditions, including a condition to ensure submission by the proponent of detailed design plans prior to the operation of the DP.

## Policy and Legislative Implications

Shire of Cocos (Keeling) Islands Local Planning Scheme No.1

‘Public utility’ definition - *shall have the same meaning given to it in and for the purposes of the Act.*

As such the *Planning and Development Act 2005* defines public utility as - *means drainage, electricity, sewerage or water supply services or such other services as are prescribed.*

## Financial Implications

The proponent has paid the required development application fee.

## Strategic Implications

Shire of Cocos (Keeling) Islands Strategic Community Plan 2016 – 2026:

*Outcome 3.2 Future development is sympathetic to the Islands environment*

*3.2.1 Maintain and develop infrastructure in-line with community needs and the Islands environment.*

## MATTERS RELATING TO THE LAND TRUST 1979 AND LAND TRUST 1984

The Australian Government transferred ownership of portions of land on the Cocos (Keeling) Islands, under two separate deeds, to the Territory's local government being the Cocos (Keeling) Islands Council. On 1 July 1992, the Territories Law Reform Act came into effect by which the Commonwealth Government applied Western Australian laws to the Cocos (Keeling) Islands. The *Local Government (Transition) Ordinance 1992* established the Shire of the Cocos (Keeling) Islands by absorbing the Cocos (Keeling) Islands Council. By this arrangement, the body corporate called the Shire of Cocos (Keeling) Islands became the Trustee for both Land Trusts. Decisions relating to the Trust are made by Council as the decision-making arm of the body corporate.

**The 1979 Deed:** The 1979 Trust Deed applies to all of the land above the high-water mark on Home Island, except Lot 13, Lot 14 and Pulu Gangsa (Cemetery Island). The Deed states that the land is to be held 'upon trust for the benefit, advancement and wellbeing of the community formed by the Kampong residents.' No other terms were expressed in the Deed. 'Kampong residents' were described in the 1979 Trust Deed as 'the residents from time to time of the Kampong area'.

**The 1984 Deed:** The 1984 Trust Deed applies to all parcels of land situated and being above high-water mark within the Cocos (Keeling) Islands, including North Keeling Island, but not including parcels of land as described in the First Schedule of the 1984 Trust Deed. This transferred land was to be held by the Council (and later, by its successor, the Shire) 'upon trust for the benefit, advancement and wellbeing of the Cocos (Keeling) Islander's resident in the Territory on land owned by the Council.'
