Hi Frank,
Apologies – I missed this email.

The accommodation camp is currently proposed for a portion of Lot 3003. You will see that we have undertaken some minor clearing of access tracks to facilitate geotechnical and environmental surveys, the former has been undertaken and the latter is likely scheduled for the end of this month.

Below is a prelim markup of the area.

Kind regards,

Marcus Arnold | Environmental Advisor – Northern Construction | **Fulton Hogan Pty Ltd**

I acknowledge the Yuggera and Turrbal people, the traditional owners and custodians of the land on which the Fulton Hogan office is situated, and pay my respects to their Elders past, present and emerging.

Thank you Marcus, that clears things up for me.

As I was told the Q station would be the site of your accommodation camp/mess etc, do you have the details of that available please?

Regards Frank

Hi Frank,
Please see attached indicative layout for the Q-Station.
The Q-Station will be used primarily for the batch plant, material stockpiles, bitumen storage, workshop and main office. The precise layout may change slightly however the footprint of our activity will not.

Cheers,
Marcus.

Good afternoon Marcus,

Date and time is fine by me, is there a map of the Q station indicating the area Fulton Hogan wish to occupy and indicating intended use e.g. accommodation, wet mess, batching plant and so forth?

Regards Frank

Subject: Q-Station - Land Use

Good afternoon all,
I would like to propose a brief (30min) meeting to discuss anticipated land use for the CKI Runway Upgrade Project, specifically at the Q-Station.

Context: Q-Station land is currently Unallocated Crown Land and is not zoned appropriately for industrial use. Appropriate land tenure and zoning will be required for Works Approvals and Licences. Some ambiguity remains between parties.

Purpose: Ensure all relevant parties (Fulton Hogan (IMC), DWER, DPLH, SoCKI & DITRDC) are aligned on the matter and clear path forward identified.

Proposed time: 20th July 10:00am AWST.

Could you please advise availability, and if unavailable at the proposed time, let me know when works. If suitable, I will send through a Teams invite.

Kind regards,

Marcus Arnold | Environmental Advisor – Northern Construction | **Fulton Hogan Pty Ltd** | [REDACTED]
