(1) The minimum time to be allocated for the asking of and responding to questions raised by members of the public at ordinary meetings of councils and meetings referred to in regulation 5 is 15 minutes.

(2) Once all the questions raised by members of the public have been asked and responded to at a meeting referred to in sub regulation (1), nothing in these regulations prevents the unused part of the minimum question time period from being used for other matters.

Pursuant to regulation 7(4) (a) of the Local Government (Administration) Regulations 1996, questions from the public must relate to a matter affecting the local government.

In accordance with section 5.25 (1)(f) of the *Local Government Act 1995* and the Local Government (Administration) Regulations 1996 regulation 11(e) a summary of each question raised by members of the public at the meeting and a summary of the response to the question will be included in the minutes of the meeting.

A member who is absent, without first obtaining leave of the Council, throughout three consecutive Ordinary meetings of the Council is disqualified from continuing his or her membership of the Council. Disqualification from membership of the Council for failure to attend Ordinary Meetings of the Council will be avoided so long as the Council grants leave prior to the member being absent. The leave cannot be granted retrospectively. An apology for non-attendance at a meeting is not an application for leave of absence.

<input type="checkbox"/>	Information	<i>Includes items provides to Council for information purposes only that do not require a decision of Council (i.e. – for noting).</i>

Report Purpose

The purpose of this report is to provide a monthly financial report for March 2025, which includes rating, investment, reserve, debtor, and general financial information to Elected Members in accordance with Section 6.4 of the *Local Government Act 1995 (WA) (CKI)*.

Relevant Documents

Available for viewing at the meeting.

Background

The reporting of monthly financial information is a requirement under section 6.4 of the *Local Government Act 1995 (WA) (CKI)*, and Regulation 34 of the *Local Government (Financial Management) Regulations 1996* and provides oversight of the Shire's finances to Council.

Comment

The period of review is the 9 months ended 31 March 2025. The current closing municipal surplus for this period is \$3.3m compared to a budget position of \$0.09m.

(Note: The budget amendments as per the Mid-Year Budget Review have not yet been fully loaded into the general ledger at the time of generating this report.)

Income for the year to date is:

- Operating Revenues \$8.1m
- Capital grants \$0.1m
- Total \$8.2m

(Note: cash receipts for the year to date are around \$1m higher but due to the accounting treatment of these, they are not recorded as revenue for 2024/25)

The budget for the same period was \$9.3m, resulting in a budget variance of \$1.1m. The main cause of this was a timing difference related to the receipt of income associated with the Top-Level Domain arrangement.

Council's expenditure for the period is summarised in the following table:

Type	Actual	Budget	Variance
	\$m	\$m	\$m
Operating Expenditure			
Excluding Depreciation	5.06	6.39	1.33
Depreciation	1.04	1.12	0.08
Total	6.10	7.51	1.41
Capital Expenditure	0.78	1.30	0.53

Details of all material variances against the current budget are provided in the notes to the Monthly Financial Report contained within Attachment 10.2.1.1.

Policy and Legislative Implications

Regulation 34 of the *Local Government (Financial Management) Regulations 1996* requires all Local Governments to prepare each month a Statement of Financial Activity reporting on the revenue and expenditure for the month.

Financial Management Regulation 34 also requires this statement to be accompanied by:

- An explanation of the composition of the net current assets, less committal assets and restricted assets;
- An explanation of material variances; and
- Such supporting information that is relevant to the Local Government

Report Purpose

The purpose of this report is to inform Council of key activities, progress, and challenges experienced by the Shire's Infrastructure team during the April 2025 reporting period. This includes updates on capital works, building and maintenance projects, environmental management, and roads and civil works across the Cocos (Keeling) Islands.

Relevant Documents

Nil

Background

Building and Plumbing

Freight disruptions have delayed the commencement and completion of several planned projects. Shipping backlogs and vessel capacity constraints have pushed multiple timelines out by approximately three months.

In spite of these issues, the team has proactively sourced and stored materials and equipment locally, allowing for partial progress to be made on key capital works. Notable achievements during the period include:

Completion of framing and plumbing works for the studio demountable building.

Veranda framing for Bungalow 1 has also been completed.

Ongoing collaboration with the Community Development team, supporting projects within the Museum Precinct and undertaking refurbishments at the Chula and Rice Shed facilities.

The reinstallation of solar hot water systems, delayed due to equipment arriving late on the most recent shipment, is now scheduled to begin in the coming week. This work has been prioritised in light of community needs and recent weather impacts.

Roads

The Shire has received multiple community reports regarding the poor condition of road surfaces, particularly following recent periods of heavy rain. The team has undertaken the following during the reporting period:

- Home Island:
 - Minor pothole patching works have been completed around the Kampong area.
 - Major maintenance works are currently being scoped and scheduled for the upcoming financial year, which will require the relocation of plant and machinery from West Island.
- West Island:
 - Patching works have commenced along South End Road following heavy rainfall.
 - Road users are reminded of the need to adhere to road closure signage. During the March road closure, concerns were raised by the AFP Territory Controller regarding motorists accessing flooded roads, which poses significant safety risks and undermines road maintenance work.

Further concerns have been noted in relation to the deteriorating condition of Sydney Highway, particularly around the sandbag wall area. These sections are seeing increased wear due to heavy vehicle movements and have been elevated in priority for maintenance works. Additionally, due to ongoing freight delays, brick pavers required for the repaving of Jalan Masjid and Jalan Kembang Molok have not yet arrived. While the Shire continues to liaise with suppliers to expedite delivery, it is likely that one or both road upgrades will be postponed to the next financial year.

Civil Works

The Infrastructure team continues to provide crucial logistical and plant support to Maritime Construction and its contractors during the development of the Marine Offloading Facility at Rumah Baru. This collaboration is essential in progressing the delivery of critical marine infrastructure.

Environment

The recent low-pressure weather systems have created additional demands on the Infrastructure team in managing public spaces. Maintenance of parks and reserves across both islands has remained a priority.

With team members gradually returning from leave and resuming full duties following the fasting period, the Shire expects to return to full implementation of the grounds maintenance program over the coming weeks.

Policy and Legislative Implications

Nil

Financial Implications

Project budgets continue to be monitored closely to ensure works are delivered within scope and funding allocations. Freight and shipping delays have introduced potential cost variances, and the Infrastructure team is proactively identifying these early, particularly for projects not yet commenced.

Any significant changes to budget requirements will be brought to Council's attention through the appropriate reporting channels.

15. MATTERS RELATING TO THE LAND TRUSTS

MATTERS RELATING TO THE LAND TRUST 1979 AND LAND TRUST 1984

The Australian Government transferred ownership of portions of land on the Cocos (Keeling) Islands, under two separate deeds, to the Territory's local government being the Cocos (Keeling) Islands Council. On 1 July 1992, the Territories Law Reform Act came into effect by which the Commonwealth Government applied Western Australian laws to the Cocos (Keeling) Islands. The *Local Government (Transition) Ordinance 1992* established the Shire of the Cocos (Keeling) Islands by absorbing the Cocos (Keeling) Islands Council. By this arrangement, the body corporate called the Shire of Cocos (Keeling) Islands became the Trustee for both Land Trusts. Decisions relating to the Trust are made by Council as the decision-making arm of the body corporate.

The 1979 Deed: The 1979 Trust Deed applies to all of the land above the high-water mark on Home Island, except Lot 13, Lot 14 and Pulu Gangsa (Cemetery Island). The Deed states that the land is to be held 'upon trust for the benefit, advancement and wellbeing of the community formed by the Kampong residents.' No other terms were expressed in the Deed. 'Kampong residents' were described in the 1979 Trust Deed as 'the residents from time to time of the Kampong area'.

The 1984 Deed: The 1984 Trust Deed applies to all parcels of land situated and being above high-water mark within the Cocos (Keeling) Islands, including North Keeling Island, but not including parcels of land as described in the First Schedule of the 1984 Trust Deed.

This transferred land was to be held by the Council (and later, by its successor, the Shire) 'upon trust for the benefit, advancement and wellbeing of the Cocos (Keeling) Islander's resident in the Territory on land owned by the Council.'
