REQUEST FOR TENDER: SOCKI-T-2026-001

Provision of Project Management Services for Seawall Remediation and Construction Works – West Island

The **Shire of Cocos (Keeling) Islands** has secured Australian Government funding to repair critical coastal defense assets following catastrophic storm damage, seeking a dedicated Project Manager to lead immediate, high-priority reinforcements on West Island. The three-stage project involves managing internal staff and external contractors for repairs, including utilizing stored GSC units at the health clinic and implementing comprehensive quality management across all seawall sites

Contract Duration: Eighteen (18) Months

Platform: Tenderlink (www.tenderlink.com)

Tender Deadline: 3:00 pm (WST), 20 September 2026

Enquiries & Clarifications:

All clarification requests must be submitted exclusively through the Tenderlink online forum no later than two (2) days prior to the closing date.
